Hmmm, O yeah. Listen to me:

*Fm7* *Db7*  
I woke up this morning, right before the break of day.  
*Bbm7* *Cm7* *Fm7* *C7*  
I reached for the pillow where my baby used to lay.  
*Fm7* *Eb7 Db7*  
Ever since you've been gone, everything seems wrong.  
*Cm7 Bbm7* *Cm7* *Fm7*  
It makes me wonder, where did, where did I go wrong?

*Db7*  
(Oh) I'm in a bad condition.  
*Fm7*  
I'm about to lose my mind.  
*Db7*  
I'm in a bad condition.  
*Cm7* *Fm7* *C7*  
about to lose my mind.

My TV won't play. My car won't run.  
And every time I pick up the phone  
The operator, the operator, says it's time to pay.  
My lights got cut off this mornin'. And I'm down with the flu.  
Since you've been gone, baby. I just don't know what to do.

My dog won't bark. My cat's meow is gone.  
Ever since you left baby, this house ain't been no home. Oh no.  
I went to the doctor today, to see just what I have.  
He took my temperature,  
He said Lucky I don't know, but you must have it bad.

You're in a bad Condition.....
