```
There's a fever,
```
        G
```
On the freeway,
```
      F#m         F#
```
In the morning,
```

```
In the morning,
```

```
And the lover,
```
        G
```
Smiling for me,
```
        F#m         F#
```
Without warning,
```
          Bm
```
Without warning,

There's an outlaw,
On the highway,
And she's falling,
And she's falling,

```
Bm                    G
```
Man I must have been blind,
```
        E
```
To carry a torch,
```
                F#
```
For most of my life,
```
        Bm              G
```
These days I'm hanging around,
```
                E
```
You're out of my heart,
```
              F#
```
And out of my town,

There's a fever,
On the freeway,
In the morning,
In the morning,
And the lover,
Smiling for me,
While she's falling,
While she's falling,

Man I must have been blind,
To carry a torch,
For most of my life,
These days I'm hanging around,
You're out of my heart,
And out of my town,

```
Bm      G       F#m F# Bm

```

There's a fever,
On the freeway,
In the morning,
In the morning,
And the lover,
Smiling for me,
Without warning,
Without warning,

Man I must have been blind,
To carry a torch,
For most of my life,
These days I'm hanging around,
You're out of my heart,
And out of my town.
