

WHEN WILL YOU COME BACK HOME?

Ryan Adams (Cold Roses #4)

Capo on 2nd fret. Intro Lick

D
/++++ /++++ /++++ /++++

D A
There's something in the way she eases my mind
G Em
And lays me across the bed till I close my eyes
G A D
Stirs me in the morning till I can ever be satisfied

A
I lie in Carolina every night in my dreams
G Em

Like the girls that try to love me that I only leave
G A
Rock me like a baby doll and hold me to your chest

D
But I'm always moving too fast

G A D G
If I could find my way back home, where would I go?
G A

Em
When everything about me, I used to be,
Em
Shivers in the sheets and the blankets of snow
G A
Lost out in the woods were you're looking for me

D G Em7
When, when will you come back home
D G
When, when will you come back home

Em A
No one leave the lights on in a house
D
Where nobody lives anymore

D
Loaded like the boxes up in the bedroom
Coming off the hinges like the door
The shadows dancing up in the window
They're not who we are but who we were
And I'm not gonna break, but if I do
I'm gonna shatter like the glass I turned your heart into
I'm broken like the windos in the house where I used to live

G A D G
And If I could find my way back home, where would I go?
G A

When everything about me, I used to be,
Em
Shivers in the sheets and the blankets of snow
G A
I'm lost out in the woods looking for you

D G Em7
When, when will you come back home
D G
When, when will you come back home

D G Em7
When, when will you come back home
D G
When, when will you come back home

Em A
No one leave the lights on in a house
D
Where nobody lives anymore

Everything about me you liked is already gone
Everything about me you loved is gone
When, when will you come back home
